Booking Amendments

1) Prior to pick-up:

If you wish to make any changes to your booking before pick-up, the booking will be calculated by using either the original flex rate or the flex rate that is valid at the time of the booking change, depending on whichever rate is higher. There are no exceptions to this rule. The following situations are classified as booking alterations:

- Change of date for vehicle pick-up or drop-off
- Change of location (depot) for vehicle pick-up or drop-off
- Change of vehicle category
- Name change

- Rental Extension: If you decide to extend your rental duration (changing the pick-up or drop-off date), the additional nights will be calculated using the current flex rate (not necessarily the rate you originally booked in). If the current flex rate is lower than the original rate, then the original rate will be used.

2) After pick-up:

Changes or rental extensions must be made through CanaDream directly. The additional nights will be charged at the applicable rate (as advised by CanaDream) available at the time of the extension.

- Rental Extension: If the customer wishes to extend the rental whilst on hire, they must first obtain authorisation from Reservations. This is subject to availability. The extra cost of an extended rental must be paid by credit card over the telephone or at a CanaDream branch immediately on confirmation of the rental extension. The additional days will be at the Gross Rate available at the time of the extension.

Failure to obtain authorisation will result in the renter being charged double the daily gross rental rate.

- Rental Reduction: There are no refunds for returning the vehicle early.

- Change of Drop-off Destination: If the renter wishes to change the drop off destination after the rental has commenced, they first must obtain authorisation from CanaDream. Subject to the change being approved, an additional charge may be charged (as advised by CanaDream at the time).
